FOI 3201

Overseas visitors

1 - What is the total amount owed to the trust by overseas, (ie non-UK resident) chargeable patients between 2010 and 2015? (This should be a single figure referring to all costs between 2010 and 2015).

Total owed as at 31.07.15 is £22,085.00.

2 - Please provide a figure for the highest cost incurred by one patient (that is still owed to the trust) during that time and please also state the treatment.

£4,541.00 on the Critical Care Unit

3 - Please state how many Overseas Visitor Managers or Overseas Visitor Officers are employed by the trust.

Approximately 0.25wte.

4 - Please also state what policies the trust has in place for checking whether patients undergoing treatment are overseas, and potentially chargeable.

We use NHS Department of Health guidance

5 - Please provide a separate breakdown for the unpaid costs accrued by overseas chargeable patients specifically for maternity care between 2010 and 2015.

There is only one unpaid Overseas Visitor/Patient invoice for which the income went to a Maternity/Midwifery GL Code. The value is £4,462.00.

6 - Please also provide a figure for the highest amount accrued by a single patient specifically for maternity care (again that is still owed to the trust), and provide as many details as possible without breaching confidentiality such as the year and care required.

£4,462.00.
